

Product Bulletin

U-MATCH+ Product Line Phase-Out

Document #: PB- UMAT18-48 “B” Series

Date Issued: 2/25/2022

Reference: UMAT B Series

Product Group: UMAT

Models Affected: UMAT18HP230V1BO thru UMAT48HP230V1BO Outdoor units
UMAT18HP230V1BD thru UMAT48HP230V1BD Indoor units

Serial Number Range: ALL

Summary:

Effective Immediately: GREE is phasing out the High Static U-Match+ Series

Reasons: Product Series requires ETL engineering changes and re-certification costs are not cost-effective. Sales volume does not justify these expenses.

Solution:

1. Distribution should evaluate their inventory and place any “inventory balancing” orders immediately by 2/28/2020.
2. Tradewinds is removing this product line from our catalog and discontinuing its promotion. Distribution should do the same.
3. Please contact your sales representative for additional information.
